**2<sup>nd</sup> ANNOUNCEMENT**

*Dear colleagues,*

We are happy to inform you that the **15th Russian Gravitational Conference - International Conference on Gravitation, Cosmology and Astrophysics (RUSGRAV-15) and the International School on Gravitation and Cosmology (GRACOS-2014)** will be held in the city of Kazan, in one of the oldest Russian universities, Kazan Federal University, **on June 30 - July 5, 2014**.

The conference program will include plenary and sectional talks, lectures, posters and informal discussions on the latest developments in gravitation and cosmology. Young scientists taking part in the conference will have a unique opportunity to present their talks at a large international meeting and to hear the lectures of leading specialists.

### **Registration of the Conference and School participants:**

To get registered, please fill out the registration form on the conference website [www.rusgrav15.kpfu.ru](http://www.rusgrav15.kpfu.ru). The talk materials should be sent to the e-mail [arkady\\_popov@mail.ru](mailto:arkady_popov@mail.ru). The talk materials should also be sent to the appropriate section heads. The deadline for registration and sending the materials is **30 April 2014**.

### **Abstracts**

The abstracts (within 2 pages) should be prepared in LaTeX2e, documentclass "article", page setup: size A4, left, right, top and bottom margins 2 cm each, font 12pt, figures in the eps format. You are kindly requested not to use your own macros when preparing the document. If there are figures, please pack them together with the text file to a single rar or zip archive file. The Organizing Committee does not place an upper limit on the number of talks and abstracts. However, the Organizing Committee reserves the right to reject the talks whose subject and/or level do not conform to the conference format. Nevertheless, in such cases the authors can take part in the conference and the school as listeners and use all the service available. The Organizing Committee will recommend the best talks for publication in the journals "Gravitation and Cosmology" and "Space, Time and Fundamental Interactions".

### **Registration fee**

For foreign participants: 200 USD. The registration fee provides the organization costs, including coffee breaks and the banquet. The registration fee does not depend on the number and size of published materials and is taken from every participant of the conference and the school.
