5th Ulyanovsk International School-Seminar on Theoretical and Observational Cosmology – UISS-2016 September 18 – 30, 2016

1-st information letter

Dear colleagues,

We have a pleasure to announce the **5th Ulyanovsk International School-Seminar on Theoretical and Observational Cosmology – UISS-2016**. It will take place in Russia, Ulyanovsk, Ilya Ulyanov State Pedagogical University, **18 – 30, September, 2016**.

The First Ulyanovsk International School-Seminar on Theoretical Cosmology was successfully held 1-7, September 1997. The 4th UISS-2011 was the part of the 14th Russian Gravitational Conference – International Conference on Gravitation, Cosmology and Astrophysics – RUSGRAV-14 and brought together students, post-graduate students, postdocs and young scientists with the world leaders of gravitation and cosmology from various countries. These events raised the interest to new achievements in observational and theoretical cosmology and gave the impulse to activate the scientific collaboration between the participants of UISS.

The scientific program of UISS-2016 includes morning plenary talks (lectures) and reports on 19-22 September and educational lectures for young scientists on 24-29 September.

The program of the conference and the school-seminar will include also posters and informal discussions on such issues as: modified gravity and cosmology, physical basis of cosmology, relativistic astrophysics and gravitational experiments.

The working languages are **Russian and English**.

International Organizing Committee:

Co-Chairs: Chervon S.V., Melnikov V.N., Starobinsky A.A.
Scientific Secretary: Nikolaev A.V.

International Advisory Committee

Bagrov V.G.	Russia
Barvinsky A.	Russia
Berezin V.A.	Russia
Bronnikov K.A.	Russia
Cai Rong-Gen	China
Capaccioli M.	Italy
Chubaryan E.V.	Armenia
Dadhich N.	India
Dolgov A.	Italy, Russia
Fursayev D.	JINR, Russia
Galtsov D.V.	Russia
Gladyshev V.O.	Russia
Kim Sang-Pyo	Korea
Lukash V.N.	Russia
Maartens R.	South Africa
Novello M.	Brazil
